2nd Trimester Abortion	\$600 - 6200
Sliding scale based on annual income.	
Procedures to 25 weeks LMP (6.2 BPD)	
WA DSHS medical coupons cover abortion.	

Cedar River Clinics: abortion care specialists.

- Accredited by AAAHC for meeting rigorous national standards.
- Highly skilled, licensed physicians perform abortion procedures; they are respected leaders in medicine with many years experience.

The Abortion Pill: Also known as medical abortion, Mifeprex or RU-486, the Abortion Pill is an early option as soon as pregnancy is confirmed by ultrasound and up to 8 weeks LMP (since Last Menstrual Period). You take the Mifepristone pill orally during your appointment at the clinic. Then 24 to 72 hours later, you take the Misoprostol pills, as directed, which soften the cervix and within 6 to 8 hours cause bleeding and cramping like in a miscarriage. One to three follow-up appointments are required.

First Trimester Aspiration: Early Abortion up to 12 weeks LMP. One-day appointments for abortions over 12 weeks but not more than 14 weeks LMP may be available for women with qualifying health histories.

Second Trimester D&E: From 12 to 22 weeks LMP (since last menstrual period) appointments are scheduled for two consecutive days. Over 22 weeks requires appointments on 3 consecutive days. Between clinic visits you must stay overnight within 30 minutes of the clinic.

Special Appointments for Fetal Anomalies: Abortion services for fetal anomalies are available. Call the clinic to speak to a client support specialist for more information and assistance.

Anesthesia: The amount of sedation (anesthesia pain relief medications) you receive from the Certified Registered Nurse Anesthetist or Physician will determine your level of consciousness. Various factors will be taken into account including your preferences and co-existing medical conditions. Options are explained in detail on the phone and during your appointment. To receive sedation, you must not eat or drink 2-4 hours before your procedure, and you must have someone to drive you home.

Options Counseling: If you are pregnant, unsure and want to explore your options, call to schedule an "Options Counseling" appointment. You will meet with a specially trained unbiased counselor.

Teens: Parent's involvement is not required in Washington State.

Interpreters: Certified Medical Interpreters can be arranged; please request an interpreter in advance.

Pre-Abortion Instructions:

- 1) When you call for an appointment, plan to spend 10 minutes on the phone. Appointments are available within a few days of your call.
- 2) Plan to spend 3-5 hours at the clinic for paperwork, ultrasound, lab tests, consent, abortion, and recovery.
- 3) No alcohol or street drugs for 24 hours before your appointment. No children in the clinic.
- 4) Photo ID is required for you and anyone coming with you into the clinic.
- 5) If you need a 2 or 3 day procedure, plan to stay overnight within 30 minutes of the clinic. Local motels offer free shuttles to airport and clinic.
- 6) If you receive sedation, you cannot drive afterward so arrange for a driver.
- 7) If you have questions during regular business hours, call the main number (800-572-4223) to talk with a nurse. You may call this same number 24 hours a day in an emergency.
- 8) Payment is required at your first appointment. We accept DSHS medical coupons, cash, money order, debit, MasterCard, Visa, and most insurance. No checks.
- 9) Low-income pregnant women may get free medical care through WA State DSHS. Apply in person at your local DSHS office, or call 800-770-4334 for details.
- 10) At Cedar River Clinics, Washington State residents can sign up for Take Charge to receive one year of free birth control.
