One to three follow-up appointments are required.

Second Trimester D&E: From 12 to 22 weeks LMP (since Last Menstrual Period) appointments are scheduled for two consecutive days. Between clinic visits you must stay overnight within 30 minutes of the clinic. Over 22 weeks requires appointments in Renton on 3 consecutive days. .

Sedation medications are explained in detail on the phone and during your appointment. To receive sedation, you must not eat or drink 2-4 hours before your procedure, and you must have someone to drive you home.

Options Counseling: If you are pregnant and unsure and want to explore your options, you can meet with a specially trained unbiased counselor in an "Options Counseling" appointment.
